14 MAR 1984

The Honorable Rudy Boschwitz United States Senate Washington, D.C.

Dear Senator Boschwitz:

TAT to change a retirement benefit election he made at the time of his retirement in 1970. To your background information,		<u>of vour staff, Mr. H. Todd VanDellen, seeking assistance for</u>
For your background information, brought this matter to our official attention in 1981 and again in 1983. Both times the matter was thoroughly reviewed by responsible and competent Agency managers, and was informed that nothing could be done to change his irrevocable election not to provide survivor benefits, even though he was married at the time of his retirement. On this third request, we directed that Agency officers look at request from the perspective of "why can't his request be honored?" Fund administrators, attorneys in our Office of General Counsel, and senior personnel management managers all looked at his request from the directed viewpoint. The point of fact, did not elect, at the time of his retirement, to provide a survivor annuity. His decision cannot be changed unless the Central Intelligence Agency Retirement and Disability System (CIARDS) law is amended. The CIARDS statute is identical to Civil Service retirement law in this respect. While we would very much like to assist an Agency annuitant, we do not have the legal authority to do so. We have attempted to express our sincerregret to in the past, and again now sincerely	STAT	to change a retirement benefit election he
